

Speech Learning Center has introduced payment programs that help our families control the costs of therapy and help us keep our pricing down.

For ongoing charges (deductibles, copays, co-insurance, self pay, etc) we want to help our families keep pace with expenses in the simplest and least time-consuming way. We are offering different credit card auto charge options.

If you are interested in enrolling in auto charge for speech therapy, please select how often you would like your card to be charged. Unless notified, balances will be paid in full. Please notify us if you would like only partial payments to be charged automatically.

- Auto charge my credit card per session**

- Auto charge my credit card bi-weekly**

- Auto charge my credit card monthly**
